OUR ACADEMY

The ACADEMY OF DENTISTRY, TORONTO, has been functioning continuously since 1889. It has provided leadership and service to both the profession and the community, and will continue to do so in the future.

The OBJECTS of the Academy are:

1. Advancement of the art and science of dentistry.
2. To promote the highest ideals of dental practice.
3. Cultivation of harmony and good fellowship among its Fellows, and among the members of the dental profession generally.

Some of the specific services provided are as follows:—

1. The Annual WINTER CLINIC.
2. After hours EMERGENCY TREATMENT service for the public.
3. The Annual YEAR BOOK, a directory of dental organizations.
4. The LADIES' AUXILIARY, which provides support for worthy dental projects, and various fellowship activities.
5. PUBLIC RELATIONS, a secretary to answer the public's queries and complaints.
6. An ELECTED COUNCIL, representing all Metro Toronto dentists and their local component societies.
7. CO-ORDINATION of dental and fellowship functions within Metro Toronto.
8. DENTAL MEETINGS with excellent programs and clinicians.
9. Assistance in formation of new STUDY GROUPS.
10. HONOURARY MEMBERSHIP to recognize outstanding dentists.
11. ARCHIVES for historical dental information.
12. Fellowship activities such as the Annual DINNER DANCE, CURLING and GOLF.
13. MEDIATION services for the public.
14. COMMUNICATION with dental auxiliary organizations.
15. LIAISON with local government, and other community groups.

**THIS IS OUR ACADEMY.
KEEP IT STRONG.
SUPPORT IT, AND ENJOY IT.**

DR. MURRAY WAGMAN

Dr. Wagman was born and educated in Toronto. He graduated from the University of Toronto Faculty of Dentistry in 1960 and has been in General Practice in Scarborough since that time.

Dr. Wagman became active in the East Toronto Society and was President of that Local Society. He then moved into Academy affairs and has served many years on the Council and line offices. He is an active member of Alpha Omega Fraternity and has been on their Executive for 15 years.

Dr. Wagman is a member of the Academy of General Dentistry and an Associate Member of the Chicago Dental Society. He is also a Charter Member of the Toronto Periodontal Study Club and a Member of the American Analgesia Society.

Dr. Wagman is married to Marilyn and has one son and two daughters. The family are members of the Adath Israel Synagogue.

He belongs to the Fitness Institute and can be found there daily during lunch hour. Dr. Wagman and his family are also avid skiers.

PRESIDENT'S MESSAGE

The Academy continues to provide leadership in the Metropolitan area for Continuing Education. The Winter Clinic continues to lead the field of the Academy program. Dr. Frank Weine on March 20, 1978 will present our First Stated Meeting. His response at the 1976 Winter Clinic promises to bring a good turnout to hear this renowned speaker.

The Second Stated Meeting at Base Borden, March 1978, is a must for anyone who hasn't attended one. There will be the usual Curling Bonspiel and Golf Tournament as well.

The Academy has one of the most organized Emergency Service programmes and it is active most evenings and weekends year round. Mrs. Pat Williams and the Mediations organization of the Academy are kept constantly busy co-ordinating the many cases that pass through the Academy office. The outstanding public relations for Dentistry that is handled over the phone through our office is not very well known to the profession.

The efforts of Gordon Perlmutter and his Committee deserve our thanks for all the hard work in organizing the Winter Clinic.

I would also like to thank the whole Academy Council for their efforts and all the time spent at many evening meetings when they could have been with their families.

HONORARY LIFE MEMBERSHIP

MARK G. BOYES, D.D.S., F.I.C.D.

The Academy of Dentistry, Toronto, is honoured at its Annual Winter Clinic Meeting 1977, to present for Honorary Membership in the Academy, Dr. Mark G. Boyes.

Dr. Boyes was born in Vankoughnet in Muskoka and graduated from Bracebridge High School in 1928. In 1930 he enrolled in the Faculty of Dentistry of the University of Toronto. As an undergraduate he took part in many sports activities. He played lacrosse and soccer with distinction. Upon graduation in 1935 he moved to Cobourg, and took over the practice of the late Dr. Edward Lajoie, a leading dentist in the area.

A year and a half later Dr. Boyes joined in practice with a spirited young practitioner who was making a name for himself at the time in children's dentistry, viz. Sandy MacGregor. These two fine practitioners worked together in North Toronto for nearly forty years. For the first fourteen years of their association, Dr. Boyes did general practice; then in 1950 he decided to limit his practice to children.

Throughout the war years, Dr. Boyes was secretary of the War Services Committee of the Toronto Academy of Dentistry. This Committee endeavoured to send every dental officer stationed overseas a box of food every month. This was a very time-consuming task.

The year of 1947 was an important year for Dr. Boyes. That was the year he commenced teaching at the Faculty of Dentistry, University of Toronto, and it was the year he was elected President of the North Toronto Dental Society. Dr. Boyes remained on the staff of the Paedodontic Department for twenty-six years until his retirement in 1973. In those years he was in constant contact with and became a friend of most of the dentists who are practising in Ontario at this time. This friendship was often renewed at the many clinics and seminars Dr. Boyes gave around the province.

Following Dr. Boyes' tenure as President of the North Toronto Dental Society, he became a member of the Executive Committee of the Toronto Academy of Dentistry and served as President in 1951-52.

Dr. Boyes has been closely associated with the O.D.A. for nearly thirty years. In 1946 he was a member of the Public Health Committee, eventually becoming Chairman. This led to his becoming a Governor of the O.D.A. and in due course he became President of the O.D.A. in 1965-66. This was the era of the reorganization of the Association and Dr. Boyes spent countless hours assisting in developing the present Constitution of the O.D.A. He still serves the O.D.A. as a member of the Benevolence Committee.

His dental interests have extended to the national scene. For eleven years he served on the Publications Committee of the C.D.A. In addition, he was a Director of the C.F.D.E. for many years.

Dr. Boyes is an Honorary Life Member of the Canadian Society of Dentistry for Children, Ontario Chapter, and an Honorary Member of the O.D.A.

As a good citizen, Dr. Boyes has taken part in many community affairs. He is active in his church, Glenview Presbyterian in Toronto, and is a Past Chairman of the Board of Managers. He is an ardent gardener and is very knowledgeable in horticultural matters. He maintains his interest in sports and is an excellent golfer and curler. He and his wife, Eileen, have a home in Bracebridge.

As a teacher, a clinician, an administrator, and above all as an example to others, Dr. Boyes has served the dental profession well.

Murray Wagman

HONORARY LIFE MEMBERSHIP

MARK ZIMMERMAN, D.D.S.

The Academy of Dentistry, Toronto, is honoured at its Annual Winter Clinic Meeting 1977, to present for Honorary Membership in the Academy, Dr. Mark Zimmerman.

Dr. Zimmerman graduated from the Faculty of Dentistry, University of Toronto, in 1925. In May 1975 he completed fifty years of practice, and is now on his 52nd year.

He has two children — Dr. G. Zimmerman, who is a psychiatrist on staff of the Jewish General Hospital in Montreal and McGill University, and a daughter who graduated in Dental Hygiene at the University of Toronto.

Dr. Zimmerman has contributed much to the dental profession by clinic-ing his gold work and bridge-work to dentists at various dental conventions from East to West in Canada, and in many of the outstanding conventions in the United States. For many years he participated in the operation of the Dental Clinic at the Mount Sinai Hospital. He was also on the staff of the group who took care of the dental services for the orphanage, known as the Blue and White Home, Richmond Hill.

He is a life member of the Crown & Bridge Study Club — a one time President; a member of the Academy of Dentistry — now a Life Member; a member of the North Toronto Dental Society; a member of the Alpha Omega Alumni — a one time President; a member of Pierre Fauchard Academy.

He has contributed one hundred and thirty-seven blood transfusions to the Canadian Red Cross Society.

He has received the Good Citizenship Medal and a plaque from Premier William Davis for his outstanding contributions to humanity in the service he renders to people by putting on shows and entertainment for the sick, the retarded, the crippled, the aged, and the schools and libraries.

He is on the volunteer staff of the Sick Children's Hospital, the St. Joseph Hospital and the Crippled Children's Centre. He puts on about three hundred shows a year — estimated to date over two thousand.

When he visits the children in schools he also tells them about dental health.

One of Dr. Zimmerman's hobbies, which he is best known for, is making gold jewellery and gold miniatures. He demonstrated his gold castings at McDonald Hall in Guelph, Metal Arts Guild Open House (where he is a member, and on T.V. (Tabloid). He has exhibited his work at the Royal Ontario Museum in Toronto, London Ontario Art Gallery, Hamilton Art Gallery, Canadian Dental Association Art Show, and the Canadian National Exhibition Handicraft Show where he won a number of awards. His articles on miniatures were published in Oral Health, Dental Abstracts and Alpha Omega Journal.

He is still playing squash on a daily basis — he played continuously for fifty-two years, and is a life member of Hart House.

Dr. Zimmerman has a long and outstanding reputation for his commitments to his community. He taught Sunday School for forty years, is on the Board of the Hillcrest Progressive School where he does a free dental survey every year and where his children attended and now his grandchildren.

Dr. Zimmerman serves his profession and his community with profound dedication.

MEDIATIONS COMMITTEE REPORT

In keeping with the pattern of recent years, the number of complaints continues to rise. However, notwithstanding this regrettable situation, your four Mediations Committees, acting for their respective district dental societies which comprise Metropolitan Toronto, continue to resolve most of these complaints in acceptable, if not always totally satisfactory fashion.

Thanks to the continuing efforts of the above-mentioned groups, the job of your Academy Mediations Committee Chairman has been limited most of the time, to serving as a consultant and coordinator for the four district societies.

With the recent appointment of a new chairman for your Academy Mediations Committee in the person of Dr. Gilbert Chapnick, we can expect more uniformity and even closer supervision of the various teams, plus a close liaison with the Complaints Committee of the R.C.D.S.. This will enable him to introduce even more understanding of the legal and ethical implications involved in the complaints which are lodged daily.

It has been a privilege to serve the Academy in this capacity for the past few years, although the frustrations encountered at times did make us wonder if it was worth the effort. However, upon reflection, recollection of the multitude of misunderstandings which were resolved, eliminating the need for legal proceedings or other unpleasant and distasteful measures certainly makes the answer a definite "Yes".

GORDON PERLMUTTER, D.D.S.
Chairman
Mediations Committee

UNITED WAY REPORT

Last year, thanks to the hard work of the many collectors who gave up quite a number of hours of their time, the Dental Profession can boast a 6.55 per cent increase in collections for the United Way in the 1976 United Way campaign.

The total amount collected was \$42,032.00 as opposed to \$39,473.00 in the year before.

As you are all no doubt aware, due to political problems in the United Way membership last year, many of us expected a lesser amount to be collectable, but thanks to the generosity of the Dental Profession we did quite well.

MARTIN S. KELLERSTEIN, D.D.S.
United Way for Metropolitan Toronto
Chairman, Dental Division 1976

EMERGENCY SERVICE REPORT

January 1st, 1977 marked a major change in the Emergency Service programming. Forty-four dentists were permanently assigned approximately 13 shifts per year. These assigned days remain with the dentist until his resignation, retirement, death or deletion, at which time his assignment may be picked up by the next dentist on the waiting list.

All applications for Emergency Service duty are submitted to the Executive Council for approval and are subsequently placed in numerical order. As a result of these changes we now have an excellent team of dentists who value their assigned days; as well, we have a waiting list of practitioners who have been screened as desirable in terms of providing good public relations services for the Academy.

Many thanks to our secretary, Pat Williams, whose emergency service load has been lightened.

HAL KERSHEN, D.D.S.
Chairman
